Blue Smoke is a feminine cow that we purchased because she has a beautiful face and black, white, grulla and blue coloring in her line. Her pedigree has old school genetics from BL Night Chex, Hatch's Candy Cane and Dode's Bluboy FM884. We are hoping she will bring these colors into our herd. Though she is registered as black and white, her white develops a soft yellow grulla and some gray coloring over the winter. So, we hope one day
